

Returning to FUNdays Club

A Guide for Parents and Carers

This guide is for parents and carers who have children returning to FUNdays Club. It explains the arrangements in place because of the Covid-19 pandemic. It will be updated as government guidance changes.

The government has provided information about what you should expect from us as a provider. This was updated on 30th June to include summer provision. Please read the guidance and let us know if you have concerns and questions arising. You can view the guidance online here:

The Main Symptoms of Coronavirus (Covid-19)

This information was obtained from the Public Health England on 30th June 2020. You can view the website itself at <https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance/stay-at-home-guidance-for-households-with-possible-coronavirus-covid-19-infection>

Most people with coronavirus have at least one of the symptoms below. If your child, or anyone in your household, develops one or more of these symptoms, you should inform FUNdays Club as soon as reasonably possible. Your child will not be able to attend while FUNdays Club follows the latest guidance on action to be taken upon receiving this information.

The main symptoms of coronavirus are:

- **a high temperature** – this means you feel hot to touch on your chest or back (you do not need to measure your temperature)
- **a new, continuous cough** – this means either:
 - coughing a lot for more than an hour, or
 - three or more coughing episodes in a 24-hour period, or
 - if you usually have a cough, it has become worse than usual
- **a loss of, or change to, your sense of smell or taste** – this means you cannot smell or taste things you usually can, or that things smell or taste differently to normal

General Points

Some arrangements will differ from those used in the past. Here is a summary of the main differences:

- Your child will need to bring the usual items and clothing for a holiday club. Water bottles are especially important as water fountains are closed onsite and we do not have drinking water in the room for children.
- Children are invited to bring in their own stationery, colouring pencils, felt tips etc. These will not be shared. We will provide stationery for children who do not bring their own.
- Your child will not be bringing home any art work or construction. Instead, we will be sharing these through photographs.
- Please note the name of your bubble on the booking receipt sent to you. There will be signs showing the separate drop-off and collection points for different bubbles. This is to reduce the chance of gatherings.
- 2m social distancing will be in place, both inside and outside the buildings and while queuing.
- Meetings with staff will be by appointment only. Please call the site mobile, or email in advance, if you need to discuss anything with us.
- Only one adult should accompany each child or family group to reduce the number of people entering the site.
- Signing in and out will be contactless and will occur outside the buildings. Staff will countersign your child in and out. Please bring an umbrella if it is raining!
- The car parks will be closed. Please use on-street parking beyond the yellow lines if driving. Our staff will be doing the same.
- If possible, please walk or cycle. Avoid public transport if you can.
- Please remember that our staff only know what is on your child's online profile. So please add to this if:
 - your child is in a medical risk category, and/or
 - is living with someone who is.

These risk categories include: clinically extremely vulnerable, extremely vulnerable, or vulnerable.
